HALLOWEEN FUN FOR EVERYONE!

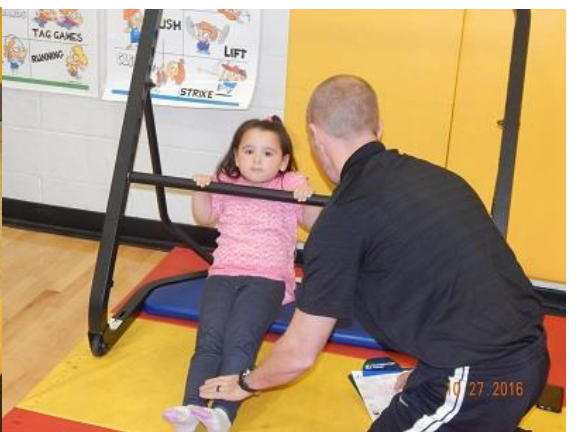

OWENSBORO HEALTH CONDUCTS HEALTH ASSESSMENTS

Staff members of the Owensboro Health Muhlenberg Community Hospital (ONE Health) visited GES recently to conduct school-wide health assessments with students Kindergarten-5th grades. Students were assessed on flexibility, strength, cardio fitness, and various other categories to determine fitness levels. ONE Health wants to encourage students to lead healthy lives and to make wise fitness decisions at an early age that will have lasting benefits for students throughout their lives.

IT'S GREAT TO BE A BLACKHAWK!
